- 8.3 Ceredigion Green Infrastructure Survey**

Ceredigion County Council is currently preparing a Green Infrastructure (GI) Assessment to guide and shape the planning and delivery of Ceredigion's Green Infrastructure. GI is the network of green spaces in both rural and urban areas that includes not just the conventional open spaces such as parks and playing fields, but also features such as street trees, public rights of way, and rivers.

Interested parties can forward input by completing the on-line survey before the end of February at:

<https://www.surveymonkey.co.uk/r/GreenInfrastructure>

- 8.4 NHS Wales: Hywel Dda University Health Board: Out of Hours Service:** Hywel Dda University Health Board's Out of Hours service has been identified as a priority project for 2019-20 as it forms a critical component within the urgent primary care and unscheduled care system. For some time the service has become increasingly fragile due to difficulties in filling GP rotas. Available clinicians are moved to different locations to meet the shortfall. The health board's Transformation Project

Management Office has recently begun a process of mapping opportunities to remodel the Out of Hours' service and a multi-stakeholder workshop has proved successful in developing the vision aspirations for the service, while also highlighting an immediate need for service resilience to maintain patient safety and manage critical risk. On this basis, the health board's Executive Team has approved a proposal to introduce a temporary service change from 9th March 2020. This will involve rationalising the overnight (11pm-8am) Out of Hours GP Shift in Prince Phillip Hospital, Llanelli and redirecting patients to the 24/7 GP at the hospital's Minor Injuries Unit if they require a face-to-face appointment. Due to the very low patient acuity, the health board will also move the existing Out of Hours GP shift from Llandysul to Glangwili General Hospital, Carmarthen during the overnight period. To support this change, an Advanced Paramedic Practitioner pilot with the Welsh Ambulance Service Trust has been extended. This will mean that these practitioners can perform home visits across the health board. **Noted for information.**
