8. CORRESPONDENCE

- 8.1 Rospa Play Safety:** Pantyfedwen Play Area Inspection: £78 will take place in June 2024.
- 8.2 Community Banking Survey: Ben Lake MP:** Over 120 organisations engaged with the survey to share their experiences of banking in Ceredigion. It is clear from the responses that there is widespread dissatisfaction with the service that banks currently provide. Many respondents noted frustration at the lack of in-person provision, in addition to inconvenient branch opening hours and more generally that the services provided failed to appreciate the needs of communities in rural areas of Wales. BL has since met with the Financial Conduct Authority (FCA) to raise the issues identified by the survey. They were surprised by the high level of engagement with the survey and were eager to learn more.

As the Vice-Chair of the Welsh Affairs Select Committee in Westminster,

he has launched an inquiry into high street banking in Wales.

Also he has been asking for the establishment of banking hubs for Ceredigion in Westminster since 2018. The gradual decline of local branches in Ceredigion's towns means that the reality of the situation means customers are left without a

single branch of their bank in Ceredigion. Customers of Barclays, Lloyds, and Halifax are especially impacted by recent decisions which will see these banks close all their Ceredigion branches before the summer. In order to advance the cause of banking hubs for Ceredigion, BL met with Link, the UK's main ATM network, who are responsible for designating banking hubs to towns all over the UK. Unfortunately, the current eligibility criteria for a banking hub reflect the needs of more urban areas, and require that a town must have a population of 7,000 residents with over 65 retailers and no remaining bank branch before they are considered for a banking hub. These criteria clearly do not reflect the situation in rural areas, where former market towns serve a much larger population living in surrounding areas in addition to their residents. During the meeting with Link, BL highlighted the need for a more case by case approach when assessing banking hub applications because rural towns would find it difficult to meet the current criteria. Although their formal decision is awaited, BL is pleased to report that the regulators are considering changes to the criteria which would hopefully make the regulations work better for rural areas.

BL has launched a petition to help gather public support in Ceredigion. To sign and share, please follow the link: [PETITION: Community Banking Hub - Ceredigion Preseli Plaid Cymru \(partyof.wales\)](https://www.partyof.wales/petition/community-banking-hub-eredigion)
